County Board of Supervisors and Citizens
Cerro Gordo County, Iowa

The Comprehensive Annual Financial Report (CAFR) for the County of Cerro Gordo, Iowa (the "County") for the fiscal year ended June 30, 2019, is hereby submitted in accordance with the provisions of Section 331.403 of the Code of Iowa.

This report consists of management's representations concerning the finances of the County. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The County's financial statements have been audited by Gardiner Thomsen PC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended June 30, 2019 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor issued an unmodified opinion on the County's financial statements for the fiscal year ended June 30, 2019, indicating that they are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the County's separately issued Single Audit Report. GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Profile of Cerro Gordo County

Organized in 1855, Cerro Gordo County is governed by a three-member board, each board member elected by citizens in one of the three districts. Board members serve overlapping four-year terms, with elections held every two years. The Board is the legislative body of the County, which annually adopts a budget and establishes tax rates to support County programs.

The County provides a full range of services to its citizens. These services include public safety, parks, planning and zoning, service to people with mental disabilities, construction and maintenance of secondary roads, physical health and social services, property assessment, taxation, and general administrative services. The County also provides an information technology department utilized by other governmental entities.

The Board of Supervisors is required to adopt a final budget by no later than March 15th for the fiscal year beginning the following July 1st. This annual budget serves as the foundation for the County's financial planning and control. The State of Iowa requires the adoption of an annual budget with total County operating expenditures listed by major program service area. Activities of the general fund, special revenue funds, capital projects funds, and the debt service fund are included in the annual appropriated budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is at the total function/program service area level. In addition, individual County officials' expenditures cannot exceed the amounts appropriated by the Board.

Local Economy

Cerro Gordo County, with the Cities of Mason City, Clear Lake, and eight smaller cities, has the fourteenth largest population of ninety-nine counties in the state, and serves as a regional center for north central Iowa in the areas of commerce, industry, retail shopping, higher education, and health care services. The surrounding area has an economic base that is historically agricultural in nature, but Cerro Gordo County also has several strong industries and commercial enterprises. With a usually low rate of unemployment and the lack of a single, dominant employer, the economy of the area is generally dynamic, robust, and broad-based. The City of Mason City is the largest city in Cerro Gordo County, with about two-thirds of the County's 42,000-plus population. Tourism is an important industry in Cerro Gordo County, largely due to Clear Lake, which, at 3,865 acres, is the third largest natural lake in Iowa, and is the namesake of the surrounding city.

Although educational systems in the entire north central Iowa area are well known for their quality of education, Cerro Gordo County has become a regional center for higher learning. Drake University of Des Moines offers several programs at the Masters level in coordination with the North Iowa Area Community College (NIACC). This adds to the wide range of baccalaureate programs offered at NIACC by Buena Vista College of Storm Lake.

Cerro Gordo County serves as a regional hub for transportation with an airport, three railroad branch lines, Interstate 35, which runs north-south the length of the County, and the "Avenue of the Saints", the link between Interstates 35 and 80.

The County is a regional center for health care services. Cerro Gordo County has the second highest number of primary care physicians per capita in the State, trailing only to Johnson County. MercyOne North Iowa Medical Center is the County's largest employer with two facilities and with affiliated clinics and hospitals in a 14-county region.

In general economic news for the fiscal year, the number of persons employed in the county went from 23,220 to 23,660, an increase of 1.9% from June 2018 to June 2019, according to figures from Iowa

Workforce Development. With high land prices the agricultural economy of the area has been strong and stable.

The City of Mason City's cost of living for 2018 was 88.5% of the national average, according to the ACCRA Cost of Living Index, ranking it the second lowest cost of living for all Iowa communities that participate in the ACCRA index.

Major Initiatives

The Prairie Land Trail is a 21-mile rails to trails project in Cerro Gordo County. The trail begins at 240th Street, the SW edge of Mason City, to 100th Street, the SW edge of the City of Meservey. The condition of the trail when received by Cerro Gordo County was the old railroad bed with the rails and ties removed.

During 2018, Cerro Gordo County converted six miles of the railroad bed to a crushed limestone biking and hiking trail. Engineering and construction costs for the initial six miles were \$473,550. Funding for the construction costs to convert the railbed and bridges have come from several sources: Transportation Alternatives Program grant \$347,348, Wellmark Foundation grant \$75,000, Cerro Gordo County Department of Public Health \$30,000, Cerro Gordo County Conservation Budget \$7,777 and Resource and Enhancement Program (REAP) \$13,425.

Two miles of trail surface and bridge repair was completed in 2019 at a cost of \$430,314. Funding sources for the two miles were Transportation Alternatives Program grant \$283,000, Wellmark Foundation \$40,000, Cerro Gordo Public Health \$20,000, Resource Enhancement and Protection \$20,000 and In-Kind \$67,314.

Phase 3 & 4 of development has been programmed to be completed in 2020 and will include three miles of trail and one bridge at an estimated cost of \$506,323. Many of the same funding sources will be utilized. The initial plans have been sent to the Iowa Department of Transportation, with an anticipated bid letting of April 2020.

Phase 5 of the trail, a two-mile section connecting to Phase 4, has been awarded Transportation Alternatives Program funds for development in 2021. The remaining miles of the trail will be developed as additional funding sources become available.

The Cerro Gordo County Department of Public Health (CG Public Health) is leading the way of becoming the Chief Health Strategist, an initiative in the newly adopted CG Public Health Strategic Plan. Taking on the role as the Chief Health Strategist is all about serving the public the best way possible by diversifying CG Public Health's funding base, equipping staff with relevant skills, integrated the expertise of public health with other agencies that influence health outcomes, enhancing information technology to analyze and share real-time data and planning, developing and implementing health reform.

Through the lens of Chief Health Strategist, Department staff are convening a group of stakeholders to plan for and address substance use disorder including opioids. This federally-funded project focuses on addressing the root causes of substance use disorder and preventing the national opioid epidemic from seizing this community.

CG Public Health continues to serve as the fiscal agent for the All Hazards Emergency Preparedness and Response System Development Grant. This grant provides the opportunity for local hospitals, public health agencies and EMS organizations to work together to build upon their preparedness, response, recovery, and mitigation activities related to healthcare disaster operations. As the fiscal agent, CG Public Health manages nearly half a million-dollar budget on behalf of 12 counties in the north-central Iowa area. There are currently 12 local public health agencies, nine hospitals, and 63 EMS services that make-up the north-central Iowa area.

This past fiscal year, staff are winding down on the three-year, \$1,384,000 million-dollar grant from the U.S. Department of Housing & Urban Development to prevent lead poisoning for young children of low-income status in rental and owner-occupied properties in Cerro Gordo County. Fifty-seven homes were remediated for lead paint and safety issues like moisture/mold, electrical hazards and other safety hazards in homes. Shortly after the end of the fiscal year, CG Public Health learned they were awarded another HUD grant for the same purpose.

In May of 2019, CG Public Health’s office space was severely damaged over a weekend and was rendered immediately inhabitable. CG Public Health began to implement its response by activating its Continuity of Operations Plan, determining essential services that needed to continue to be provided to the public the following morning, as well as the essential staff needed to deliver services. Employees began the week with the incident command system in place along with borrowed paper, pens, and one phone. Alternate locations were found for staff to provide services from over the course of three months’ time. Prioritization had to be made with re-deploying staff and requisitioning resources (e.g. computers, phones and equipment). Alternate methods to access data were arranged through a backup server and alternate methods for electronic health records, primary databases, and correspondence. Emergency spending processes were implemented immediately; new methods for payment were determined (all credit cards/ability to write checks, etc. were lost). Alternative communication methods were developed to ensure staff could continue to speak with clientele, community partnerships, and colleagues. Throughout the experience, staff members were resilient, innovative and never lost sight of service to the public.

Long-Term Financial Planning

The County is continuing to develop strategies for improving service, quality and efficiency. The Board utilizes a long term fiscal policy and continues its strategic planning process. The County’s secondary road system is also being continually reviewed. The County Engineer has developed a long-range five-year plan addressing how much additional funding will be required to maintain the quality of the County’s roads and bridges.

Relevant Financial Policies

It is Cerro Gordo County’s policy to use its share of local option sales and service taxes in the following allocation:

In FY2019, Cerro Gordo County received a total of \$1,698,530 in local option sales and service taxes.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Cerro Gordo County, Iowa for its comprehensive annual financial report for the fiscal year ended June 30, 2018. This was the twenty-third consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of the Comprehensive Annual Financial Report on a timely basis could not have been completed without the cooperation and services of the staffs of the County Auditor's and Treasurer's offices. Gratitude is also expressed to the independent auditors, Gardiner Thomsen, P.C., who provided endless support and assistance in preparing this report, and to the Cerro Gordo County Board of Supervisors for their interest and support.

Respectfully submitted,

Heather R. Mathre, CPA
Budget Manager
Office of the County Auditor
Cerro Gordo County, Iowa

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Officials of Cerro Gordo County
Mason City, Iowa

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Cerro Gordo County, Iowa, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Cerro Gordo County, Iowa, as of June 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Budgetary Comparison Information, the Schedule of the County's Proportionate Share of the Net Pension Liability, the Schedule of County Contributions and the Schedule of Changes in the County's Total OPEB Liability, Related Ratios and Notes on pages 11-20 and 62-69 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Cerro Gordo County, Iowa's basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the nine years ended June 30, 2018 (which are not presented herein) and expressed unmodified opinions on those financial statements. The introductory section, general fund schedules, combining and individual nonmajor fund financial statements, capital asset schedules and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The general fund schedules, combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the general fund schedules, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section, capital asset schedules and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2019, on our consideration of Cerro Gordo County, Iowa's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Cerro Gordo County, Iowa's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Cerro Gordo County, Iowa's internal control over financial reporting and compliance.

Gardner + Company, P.C.

Charles City, Iowa

MANAGEMENT'S DISCUSSION AND ANALYSIS

Cerro Gordo County provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2019. We encourage readers to consider the information presented here in conjunction with additional information presented in the transmittal letter beginning on page 4, and the County's financial statements, which follow.

FINANCIAL HIGHLIGHTS

- ◆ Cerro Gordo County governmental fund revenues increased 3.45% or \$1,172,485 from \$33,987,542 in fiscal year 2018 (FY18) to \$35,160,027 in fiscal year 2019 (FY19). Property taxes and other county taxes increased \$893,662, local option sales tax dollars increased \$42,030, intergovernmental revenues increased \$456,984, charges for services decreased \$324,626, use of money and property increased \$178,805, and miscellaneous revenues decreased \$50,777 from FY18.
- ◆ Cerro Gordo County governmental fund expenditures for FY19 were \$34,703,729, an increase of \$2,790,721 from \$31,913,008 in FY18. This change was due to the increases in Roads and Transportation of \$1,450,301, Public Health and Social Services of \$481,085, Capital Projects of \$674,831 and Nonprogram of \$498,228.
- ◆ The assets of the county exceeded liabilities at fiscal year ended June 30, 2019 by \$52,256,849 (net position) compared to \$49,607,837 at June 30, 2018.
- ◆ Cerro Gordo County's net position increased 5.34% or \$2,649,012 for the fiscal year ended June 30, 2019. Government activities increased \$2,703,056 and business-type activities decreased by \$54,044. For fiscal year ended June 30, 2018, total net position increased \$1,241,870. Governmental activities increased \$1,307,938 and business-type activities decreased \$66,068.
- ◆ Cerro Gordo County's governmental funds reported combined ending fund balances of \$20,334,906, an increase of \$1,258,689 in comparison with the FY18 fund balances of \$19,076,217. Approximately 44% of the total amount, \$8,871,992, is the County's unassigned fund balance.
- ◆ Cerro Gordo County's general long-term debt, excluding compensated absences, termination benefits, net pension liability, net OPEB liability, and claims payable, decreased \$583,278 during the fiscal year, from \$7,725,286 in FY18 to \$7,142,008 in FY19. This change was due to scheduled debt payments, an installment purchase for motor-graders and a large amount of drainage warrants redeemed during the year.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the government's financial activities.

The Government-wide Financial Statements consist of the Government-Wide Statement of Net Position and the Government-Wide Statement of Activities (on pages 21-24). These provide information about the activities of the County as a whole and present an overall view of the County's finances.

The Fund Financial Statements (starting on page 25) tell how government services were financed in the short term as well as what remains for future spending. Fund financial statements report Cerro Gordo County's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Cerro Gordo County acts solely as an agent or custodian for the benefit of those outside of the government.

Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the County's budget for the year, the County's proportionate share of the net pension liability and related contributions, as well as presenting the Schedule of Changes in the County's Total OPEB Liability, Related Ratios and Notes.

Supplementary Information provides detailed information about the nonmajor governmental and the individual Agency Funds. In addition, the Schedule of Expenditures of Federal Awards provides details of various federal programs benefiting the County.

REPORTING THE COUNTY'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

One of the most important questions asked about the County's finances is, "Is the County as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about activities in a way that helps answer this question. These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting and the economic resources measurement focus. This is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The Statement of Net Position presents financial information on all of the County's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as "net position". Over time, increases or decreases in the County's net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information showing how the County's net position changed during the fiscal year. All changes in net position are reported as soon as the event or change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods.

The County's governmental activities are displayed in the Statement of Net Position and the Statement of Activities. Governmental activities include public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, government services to residents, administrative services, interest on long-term debt, and other non-program activities. Property taxes and state and federal grants finance most of these activities.

Fund Financial Statements

The fund financial statements begin on page 25 and provide detailed information about individual, significant funds; not the County as a whole. Some funds are required to be established by Iowa law or by bond covenants. However, the County establishes many other funds to help it control and manage money for particular purposes.

Cerro Gordo County has three kinds of funds:

- **Governmental funds** - Governmental funds account for most of the County's basic services, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These governmental funds include 1) General Fund, 2) Special Revenue Funds, such as Mental Health, Rural Services and Secondary Roads, 3) Debt Service Fund, and 4) Capital Projects Fund. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The government fund statements provide a detailed short-term view of the County's general governmental operations and the basic service it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs.

The governmental funds required financial statements include a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balances.

- **Proprietary funds** - Cerro Gordo County maintains two types of proprietary funds: internal service funds and enterprise funds. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County has two internal service funds: Health Insurance Fund and Central Services Fund. Enterprise funds are used to account for operations that are financed and operated in a manner similar to a private business. Cerro Gordo County maintains two enterprise funds: Meservey Wastewater Collection & Treatment Facility and Swaledale Wastewater Collection & Treatment Facility.

The proprietary funds required financial statements include a Statement of Net Position, a Statement of Revenues, Expenses, and Changes in Fund Net Position, and a Statement of Cash Flows.

- **Fiduciary funds** - Fiduciary funds are used to report assets held in a trust or agency capacity for others and cannot be used to support the government's own programs. These fiduciary funds include agency funds that account for emergency management, county assessor, and city assessor to name a few.

The fiduciary funds required financial statements include a Statement of Fiduciary Assets and Liabilities.

Reconciliations between the government-wide financial statements and the Governmental fund financial statements follow the governmental fund financial statements.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The notes to the financial statements can be found beginning on page 37.

Supplementary Information

The supplementary information begins on page 70 and provides detailed information about the non-major governmental funds and the individual fiduciary funds. In addition, the Single Audit Section provides details of the various Federal awards received by the County.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. Cerro Gordo County's net position increased \$2,649,012 from \$49,607,837 to \$52,256,849. The analysis below focuses on the net position and changes in net position of our government and business-type activities.

Cerro Gordo County's Net Position

The largest portion of the County's net position, 77.94%, is the net investment in capital assets (e.g., land, infrastructure, buildings, and equipment). The County uses these capital assets to provide services to citizens, therefore, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be liquidated to cover the liabilities.

The restricted portion of the County's net position, 16.78% or \$8,770,585, represents resources that are subject to external restrictions, constitution provisions, or enabling legislation on how they can be used. The remaining balance of unrestricted net position is \$2,761,055 or 5.28%.

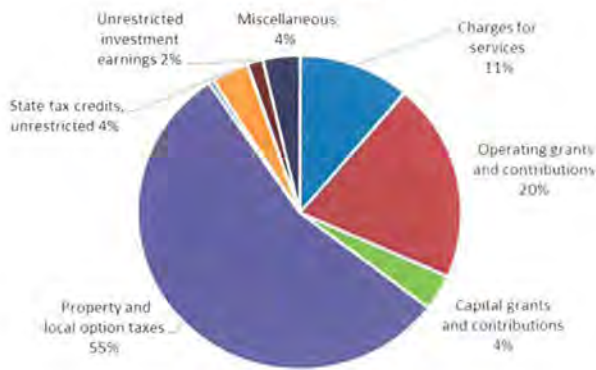

The County's net position increased \$2,649,012 during the current fiscal year. The governmental-type activities increased by \$2,703,056 and the business-type activities decreased \$54,044.

The following table highlights the County's revenues and expenses for the fiscal year ended June 30, 2019 and 2018. These two main components are subtracted to yield the change in net position. This table utilizes the full accrual method of accounting. Revenue is further divided into two major components: Program Revenue and General Revenue. Program Revenue is defined as charges for service and sales, operating grants and contributions, and capital grants and contributions. General Revenue includes taxes, investment income, and other unrestricted revenue sources.

Governmental Activities

Cerro Gordo County's governmental activities net position increased \$2,703,056 during the year. Revenues for governmental activities increased 5.72% or \$1,986,120 over the prior year. The County's operating grants, contributions and restricted interest revenues were \$7,521,265, an additional \$462,576 over FY18. Capital grants, contributions and restricted interest increased \$552,942 over the previous year. Property tax revenues increased \$828,763 due to an increase in taxable valuation in the county. Unrestricted investment earnings increased \$213,421 due to a higher investment rate of return and greater invested amounts.

The cost of all governmental activities this year was \$34,003,490, an increase of \$591,002 over the prior years' \$33,412,488. However, as shown in the Statement of Activities on page 23-24, the amount the taxpayers ultimately financed for these activities through County taxes was only \$21,009,252 because some of the cost was paid by those that directly benefited from the programs, or by other governments and organizations that subsidized certain programs with grants and contributions.

Roads and Transportation had the largest increase in expenditures of \$701,876 due to additional capital projects over the previous fiscal year. Physical Health and Social Services also increased for the current year by \$351,315 due to the additional public health expenditures. The largest decrease in expenditures was \$455,022 in public safety and legal services. This was attributable to the \$400,000 for sheriff radios purchased during the previous fiscal year. Mental Health experienced a \$264,861 decrease in expenditures for FY19. This was due to a decreased disbursement to our Mental Health fiscal agent for the County Social Services region.

Cerro Gordo County maintained both the rural levy rate of 3.50739 and the countywide levy rate of 6.19934 for FY19. The combined tax rates resulted in increased property tax dollars of \$500,000 for general purposes, \$85,000 for rural purposes, \$90,000 for mental health services and \$34,000 for debt services.

Business-Type Activities

Business-type activities decreased the County's net position by \$54,044.

THE COUNTY'S INDIVIDUAL MAJOR FUNDS

As Cerro Gordo County completed the year, its governmental funds reported a combined fund balance of \$20,334,906, which is an increase of \$1,258,689 or 6.60% over the combined fund balance for FY18. Of this amount, \$8,871,992 represents the unassigned fund balance which is available for spending at the government's discretion. The remainder of the fund balance is assigned, restricted, or nonspendable. The following are the major reasons for the changes in fund balances from the prior year:

- ◆ The General Fund, as the main operating fund for Cerro Gordo County, ended FY19 with a 67.76% ending fund balance totaling \$11,345,341. This is a \$1,942,058 increase from the prior year's \$9,403,283 fund balance. Revenues increased 1.40% from the prior year, or \$256,487. Expenditures experienced a decrease of \$602,520, or 3.97% from FY18. Transfers out increased \$428,659. In FY19, there was a General fund transfer to the Capital Projects fund of \$400,000 in preparation of a proposed secondary roads building.
- ◆ Cerro Gordo County has continued to look for ways to effectively manage the cost of mental health services. The county, along with four other counties, entered into a 28E agreement to create the County Social Services (CSS) Agency in FY11. In FY12, three additional counties joined the CSS Agency for a total of eight counties. FY13 led to 14 additional counties joining the CSS Agency, for a total of 22 counties that comprise the CSS Agency. This agency accounts for all mental health revenues, with the exception of each county's property taxes for mental health purposes. It also accounts for the majority

of the mental health expenditures. The Mental Health Fund balance increased from \$250,675 in FY18 to \$307,698, an increase of \$57,023. For the year, revenues were \$2,145,270, an increase of \$60,541, or 2.90%, due to an increase in property and other county tax revenues. Expenditures totaled \$2,088,247, a decrease of \$241,644 or 10.37% over last year's expenditures of \$2,329,891. These decreases were due to a reduction in the reimbursement requests to County Social Services and a reduction in the fiscal agent fee.

- ◆ The Rural Services Fund balance decreased \$11,893 to \$966,837 from the prior year ending balance of \$978,730. Revenues increased \$140,221, from \$2,840,125 in FY18 to \$2,980,346 in FY19. Expenditures totaled \$692,239, an increase of \$275,744, or 66.21% over last year's expenditures of \$416,495. This was due to the equipment purchase in the County Roadside department and the funding of the libraries within the County. In FY19, the funding all came from the Rural Services Fund. For FY18, the funding was split between the Rural Services Fund and the Rural County Betterment Fund, which is monies derived from local option sales and service tax dollars.
- ◆ The Secondary Roads Fund expenditures increased \$2,823,246 or 43.42%, from \$6,502,502 in FY18 to \$9,325,748 in FY19. This was due to an increase in capital projects. Capital project expenditures for FY18 were \$364,615 compared to \$1,837,891 in FY19. Revenues also increased from \$5,141,970 in FY18 to \$5,836,756 in FY19, a change of 13.51%. The Secondary Roads fund balance decreased \$581,772 from \$4,517,770 in FY18 to \$3,935,998 in FY19 due to the increased capital projects expenditures.
- ◆ The Public Health Fund ended FY19 with a fund balance of \$975,944, a decrease of \$249,973 over the prior year's balance of \$1,225,917. Expenditures totaled \$5,384,185, an increase of \$482,059, or 9.83% over the prior year. Revenues of \$3,374,482 were an increase of 6.10%, or \$194,084 over FY18 revenues of \$3,180,398. During the year, a roof collapse led to an increase in expenditures for relocation, replacement of items lost and moving costs. Revenues for the public health department have dropped due to issues with timely overall reimbursement for patient services with third-party payers.
- ◆ The Debt Service Fund had a fund balance of \$64,170, all of which is restricted for the payment of debt.
- ◆ The Capital Projects fund balance increased from \$933 in FY18 to \$400,933 in FY18. This was from an auditor transfer in preparation for a proposed capital project.

BUDGETARY HIGHLIGHTS

The county budget is based on ten functions/service areas as required by the State, not by fund or fund type. Over the course of the year, Cerro Gordo County amended its budget once. The budgetary comparison schedule on pages 62-63 provides more information. The amendment, approved in May 2019, resulted in the following:

Revenues and Other Sources increased \$1,176,273, which included:

- ◆ An increase of \$9,784 in local option sales and service tax, \$163,850 in utility replacement excise tax, \$5,000 in hotel/motel tax and \$76,500 in penalties and interest on taxes.
- ◆ A decrease of \$71,232 in intergovernmental revenues. This was comprised of \$18,757 additional revenue for the Conservation department and \$5,564 for various departments. There was a decrease in revenues of \$33,578 for the Public Health Department, \$36,000 for mental health reimbursement and \$25,975 for state tax credits.
- ◆ An increase of \$6,400 in licenses and permits for the Planning & Zoning office and the Public Health department.

- ◆ Charges for services increased \$8,900. This included an increase of \$48,000 for fees provided by the Sheriff's department, \$3,400 for the GIS department and an additional \$26,000 received by the County Treasurer for services, along with a decrease in revenues of \$68,500 for fees provided by the Public Health department.
- ◆ Use of money & property increased \$238,598 due to additional interest income.
- ◆ Miscellaneous revenue increased \$330,273. Departments receiving additional miscellaneous revenue were Public Health \$215,573, County Attorney \$18,000, Information Technology (IT) \$7,500, Conservation \$55,000, Sheriff revenues \$49,000. Several departments had minor decreases for a combined total of \$14,800.
- ◆ Other Financing Sources of \$408,200 is proceeds from the sale of capital assets and operating transfers.

Expenditures and Other Uses increased \$2,467,138 which included:

- ◆ Increase of \$6,043 in Public Safety and Legal Services. This is due to an increase in expenditures for the County Attorney of \$45,000 and the Medical Examiner department of \$3,500. The Sheriff's department decreased expenditures by \$42,457.
- ◆ Increase of \$310,684 in Physical Health and Social Services due to additional expenditures for Public Health Department of \$290,684 and \$20,000 for the Juvenile Detention department.
- ◆ Decrease of \$249,839 in Mental Health.
- ◆ An increase of \$149,170 in County Environment & Education for an increase in expenditures in Conservation of \$146,920 and County Grants department of \$2,250.
- ◆ An increase of \$1,224,000 in Roads and Transportation for Secondary Roads department.
- ◆ A decrease of \$20,500 in Government Services to Residents stems from decreased expenditures for the County Treasurer.
- ◆ A decrease of \$145,440 in Administration due to a decrease in capital asset purchases.
- ◆ An increase in capital projects of \$787,020 for Secondary Road and Courthouse projects.

During the year, however, revenues were \$436,961 less than budgetary revenues and expenditures were \$2,703,940 less than budgetary expenditures. Iowa law requires budget amendments to specific expenditure functions/service areas, i.e., public safety and legal service, to be enacted by the Board of Supervisors no later than May 31 of each fiscal year. Since the County's fiscal year ends on June 30 and the County's budget is based on the current financial resources measurement focus and the modified accrual basis of accounting, the Board takes a conservative approach when enacting year end budget amendments. This means the comparison of actual to budgeted amounts will usually show expenditures to be well below budgeted amounts. This is especially true for the Capital Projects and Roads and Transportation service areas when projects may roll over to a subsequent fiscal year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

Cerro Gordo County's investment in capital assets for its governmental and business-type activities as of June 30, 2019 was \$98,585,783, an increase of \$3,205,102 or 3.36% compared to FY18. This investment in capital assets includes land, construction in progress, buildings, improvements other than buildings, machinery & equipment, vehicles, and infrastructure.

Major capital asset additions during the current fiscal year included Secondary Roads infrastructure, construction in progress and machinery & equipment, as well as vehicles for Public Safety.

Cerro Gordo County's Capital Assets

	Governmental Activities		Business-Type Activities		Total	
	2019	2018	2019	2018	2019	2018

Total	95,816,840	92,611,738	2,768,943	2,768,943	98,585,783	95,380,681
Less: Accumulated Depreciation	49,272,854	47,016,936	1,553,973	1,468,687	50,826,827	48,485,623
Total	\$46,543,986	\$45,594,802	\$1,214,970	\$1,300,256	\$47,758,956	\$46,895,058

For governmental activities, Cerro Gordo County had depreciation expense of \$3,647,909 and total accumulated depreciation of \$49,272,854 for the year ended June 30, 2019. For business-type activities, depreciation expense was \$85,286 and total accumulated depreciation was \$1,553,973 for the year end.

Additional information on Cerro Gordo County's capital assets can be found in Note 5 of this report.

Debt

As of June 30, 2019, Cerro Gordo County had total long-term debt outstanding for governmental activities of \$7,142,008, a decrease of \$583,278 compared to FY18. The County issued \$171,971 in drainage warrants and entered into an installment purchase for \$928,600. The change in debt also resulted from capital loan note and revenue bond retirement of \$837,000 and \$296,849 of drainage warrants that were called.

In the current year, the County paid \$837,000 in principal and \$161,567 in interest on capital loan notes and revenue bonds, compared to \$822,000 in principal and \$177,842 in interest for FY18.

Sewer revenue capital loan notes (Business-Type Activities) outstanding totaled \$460,147. This is a decrease of \$14,193 due to debt retirement. Business-Type Activities paid \$14,193 in principal and \$21,345 in interest on outstanding debt in the current year.

The Code of Iowa limits the amount of general obligation debt that counties can issue to 5 percent of the assessed value of all taxable property within the county. Cerro Gordo County's outstanding general obligation debt is significantly below its limit of \$275 million.

Cerro Gordo County's Outstanding Debt

	2019	2018
Governmental Activities:		
Capital Loan Notes & Revenue Bonds	\$ 6,408,250	\$ 7,245,250
Installment Purchase	378,600	0
Drainage Warrants	355,158	480,036
Total	\$7,142,008	\$ 7,725,286
Business-Type Activities:		
Sewer Revenue Bonds	\$ 460,147	\$ 474,340

Additional information about the County's long-term liabilities can be found in Note 7 to the financial statements.

ECONOMIC FACTORS AND NEXT YEARS'S BUDGETS AND RATES

Cerro Gordo County's elected and appointed officials and citizens considered many factors when setting the 2020 fiscal year budget, tax rates, and the fees that will be charged for the various county services. One of those factors is the economy. Cerro Gordo County's unemployment rate now stands at 2.10% versus 2.70% a year ago. This compares with the State unemployment rate of 2.70% and the national rate of 3.60%.

- ◆ For the budget year ending June 30, 2020, Cerro Gordo County maintained the rural county levy rate at \$3.50739 per thousand of taxable valuation and decreased the countywide levy rate from \$6.19934 to \$6.13391 per thousand of taxable valuation.
- ◆ The tax base for Cerro Gordo County increased 5.65% over the prior year.
- ◆ The total expenditures for the FY20 budget are \$36,127,378, an increase of \$1,324,454, or 3.80%, from the FY19 budget. The major areas of increase Capital Projects \$517,988, Public safety and Legal Services \$398,880, Roads & Transportation \$379,364 and County Environment and Education \$360,388. The County has four bargaining units, all of which re-negotiated their contracts in FY17. The contracts run from July 1, 2017 to June 30, 2022.

All these factors were considered in preparing the Cerro Gordo County budget for the June 30, 2020 fiscal year.

CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the County's finances and to demonstrate the accountability for the public dollars entrusted to us. If you have questions about this report or need additional information, contact the Cerro Gordo County Auditor's Office, 220 North Washington, Mason City, Iowa 50401.

CERRO GORDO COUNTY, IOWA

RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION June 30, 2019

Total Governmental Fund Balances (page 28) \$20,334,906

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not current financial resources and, therefore, are not reported in the governmental funds. The cost of capital assets is \$95,816,840 and the accumulated depreciation/amortization is \$49,272,854. 46,543,986

Other long-term assets are not available to pay current year expenditures and, therefore, are recognized as deferred inflows of resources in the governmental funds.

Property Taxes – General Purposes	\$12,126	
Property Taxes – Debt Service	699	
Mental Health Reimbursements	11,627	
Reimbursements	124,899	
Drainage Assessments/Special Assessments	<u>123,275</u>	272,626

The Internal Service Funds are used by management to charge the costs of the self funding of the County's health insurance benefit plan and the costs of centralized service operations for property insurance to individual funds. The assets and liabilities of the Internal Service Funds are included in governmental activities in the Statement of Net Position. 1,572,992

Pension and OPEB related deferred outflows of resources and deferred inflows of resources are not due and payable in the current year and, therefore, are not reported in the governmental funds, as follows:

Deferred Outflows of Resources	3,365,773	
Deferred Inflows of Resources	<u>(1,147,206)</u>	2,218,567

Long-term liabilities, including installment purchases, bonds and notes payable, accrued interest payable, total OPEB liability, retirement benefits payable, net pension liability, drainage district warrants payable and compensated absences payable, are not due and payable in the current year and, therefore, are not reported in the governmental funds. (19,581,865)

Net position of governmental activities (page 22) \$51,361,212

See Notes to Financial Statements.

CERRO GORDO COUNTY, IOWA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES – GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES Year Ended June 30, 2019

Change in fund balances - Total governmental funds (page 31)		\$1,580,069
<i>Amounts reported for governmental activities in the Statement of Activities are different because:</i>		
Governmental funds report capital outlays as expenditures while governmental activities report depreciation/amortization expense to allocate those expenditures over the life of the assets. Capital outlay expenditures and contributed capital assets exceeded depreciation/amortization expense in the current year, as follows:		
Expenditures for Capital Assets	\$3,470,753	
Capital Assets Contributed by the Iowa Department of Transportation	1,161,215	
Depreciation/Amortization Expense	<u>(3,647,909)</u>	984,059
In the Statement of Activities, the loss on the disposition of capital assets is reported, whereas the governmental funds report the proceeds from the disposition as an increase in financial resources.		(34,875)
Because some revenues will not be collected for several months after the County's year end, they are not considered available revenues and are recognized as deferred inflows of resources in the governmental funds, as follows:		
Property Tax	(36,546)	
Other	<u>124,904</u>	88,358
Proceeds from issuing long-term liabilities provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Current year debt repayments exceeded issuances as follows:		
Installment Purchase	(928,600)	
Drainage Warrants Issued	(171,971)	
Principal Payments	1,387,000	
Drainage Warrants Payments	<u>296,849</u>	583,278
The current year County employer share of IPERS contributions are reported as expenditures in the governmental funds, but are reported as a deferred outflow of resources in the Statement of Net Position.		1,291,251
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds, as follows:		
Compensated Absences	(17,464)	
Retirement Benefits	38,092	
Pension	(1,311,144)	
OPEB Expense	(122,041)	
Interest on Long-Term Debt	<u>1,381</u>	(1,411,176)
The change in the amount reserved for Secondary Roads inventory is reported as an increase or decrease in reserved fund balance in the governmental funds. This amount is reported as an increase or decrease in Secondary Roads expenses in the Statement of Activities.		(321,380)
The Internal Service Funds are used by management to charge the costs of employee health benefits and property insurance to individual funds. The change in Net Position of the Internal Service Funds are reported with governmental activities.		<u>(56,528)</u>
Change in net position of governmental activities (page 24)		\$2,703,056
See Notes to Financial Statements.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

Note 1: Summary of Significant Accounting Policies

Cerro Gordo County is a political subdivision of the State of Iowa and operates under the Home Rule provisions of the Constitution of Iowa. The County operates under the Board of Supervisors form of government. Elections are on a partisan basis. Other elected officials operate independently with the Board of Supervisors. These officials are the Auditor, Treasurer, Recorder, Sheriff, and Attorney. The County provides numerous services to citizens, including law enforcement, health and social services, parks and cultural activities, planning and zoning, roadway construction and maintenance, general administrative services, and drainage district services.

The County's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. REPORTING ENTITY

For financial reporting purposes, Cerro Gordo County has included all funds, organizations, agencies, boards, commissions, and authorities. The County has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the County to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the County.

These financial statements present Cerro Gordo County (the primary government) and its component units. The component units discussed below are included in the County's reporting entity because of the significance of their operational or financial relationships with the County.

Blended Component Units – The following component units are entities which are legally separate from the County, but are so intertwined with the County they are, in substance, the same as the County. They are reported as part of the County and blended into the appropriate funds.

One hundred and sixty-one drainage districts have been established pursuant to Chapter 468 of the Code of Iowa for the drainage of surface waters from agricultural and other lands or the protection of such lands from overflow. Although these districts are legally separate from the County, they are controlled, managed and supervised by the Cerro Gordo County Board of Supervisors. The Cerro Gordo County Board of Supervisors has operational responsibility for this component unit. The drainage districts are reported as a Special Revenue Fund. Financial information of the individual drainage districts can be obtained from the Cerro Gordo County Auditor's Office.

Jointly Governed Organizations – The County participates in several jointly governed organizations that provide goods or services to the citizenry of the County but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The County Board of Supervisors are members of or appoint representatives to the following boards and commissions: Cerro Gordo County and City Assessor's Conference Board, Cerro Gordo County Emergency Management Commission and Cerro Gordo County Joint E911 Service Board. Financial transactions of these organizations are included in the County's financial statements only to the extent of the County's fiduciary relationship with the organization and, as such, are reported in the Agency Funds of the County.

B. BASIS OF PRESENTATION

Government-wide Financial Statements - The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the County and its component units. For the most part, the effect of interfund activity has been removed from these statements except for interfund services provided and used which are not eliminated in the process of consolidation. Governmental activities are supported by property tax, intergovernmental revenues and other nonexchange transactions.

The Statement of Net Position presents the County's nonfiduciary assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference reported as net position. Net position is reported in the following categories.

Net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances for bonds, notes, and other debt attributable to the acquisition, construction, or improvement of those assets.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

Note 1: Summary of Significant Accounting Policies (Continued)

Restricted net position results when constraints placed on net position use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of net position not meeting the definition of the two preceding categories. Unrestricted net position is often subject to constraints imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions, and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds.

The County reports the following major governmental funds:

The General Fund is the general operating fund of the County. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs that are not paid from other funds.

Special Revenue:

The Mental Health Fund is a discretionary major fund used to account for property tax and other revenues to be used to fund mental health, intellectual disabilities, and developmental disabilities services.

The Rural Services Fund is used to account for property tax and other revenues to provide services which are primarily intended to benefit those persons residing in the county outside of incorporated city areas.

The Secondary Roads Fund is utilized to account for the road use tax allocation from the State of Iowa, transfers from the General and the Special Revenue, Rural Services Fund and other revenues to be used for secondary roads construction and maintenance.

The Public Health Fund is utilized to account for Federal and State grants and fees collected by the County to provide and maintain the County Public Health Department.

The Debt Service Fund is a discretionary major fund utilized to account for property tax and other revenues to be used for the payment of interest and principal on the County's general long-term debt.

The Capital Projects Fund is a discretionary major fund used to account for all resources used in the acquisition and construction of capital facilities and other capital assets.

Additionally, the County reports the following funds:

The Internal Service Funds account for the financing of goods and services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis. The Central Services Fund accounts for the costs of the centralized service operation for the property insurance. The Health Insurance Fund accounts for the County's insurance for health insurance benefits provided by governmental funds to employees. Costs are billed to governmental funds and employees based on historical claims experience.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

Note 1: Summary of Significant Accounting Policies (Continued)

The Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the government's council is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of net income is appropriate for accountability purposes. The Enterprise Funds account for the activities of the Meservey Wastewater Collection and Treatment Facility and the Swaledale Wastewater Collection and Treatment Facility.

Fiduciary Funds – Agency funds are used to account for assets held by the County as an agent for individuals, private organizations, certain jointly governed organizations, other governmental units, and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The County's Agency Funds consist of the following:

Elected Officials – To account for the activity of various cash accounts maintained by elected officials and other County departments which have not been remitted to the County Treasurer, who acts as trustee for all pooled cash and investments of the County, or to other individuals, private entities or governments.

Relief – Representative Payee – To account for the funds of individuals incapable of managing their own affairs.

Veterans Affairs – To account for the funds used to maintain the veterans plaque.

Auditor – To account for revenues received from the sale of GIS maps, plat books, and copies.

Recorder – To account for the recording of deeds and mortgages, writing fees for DNR licenses, and the sale of various licenses (hunting, fishing, ATV, boat and snowmobile).

Sheriff – To account for fees associated with the serving of papers and the sale of gun permits.

Other Agency Funds – Clearing accounts that account for funds collected by the County on behalf of individuals and other governmental entities:

- Agricultural Extension Education
- County Assessor
- City Assessor
- Schools
- Community Colleges
- Corporations
- Townships
- City Special Assessments
- Auto License and Use Tax
- Bruceellosis and Tuberculosis Eradication
- Joint Disaster Services
- Clear Lake Sanitary District
- County EMS Association
- Advance Tax
- Cash Long/Short
- Tax Sale Redemption
- E-911 Operations
- Recorder's Transfer Fee
- Pass-Through Projects
- Empowerment
- Employee Benefits

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

Note 1: Summary of Significant Accounting Policies (Continued)

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The government-wide, proprietary fund and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, the County considers revenues to be available if they are collected within sixty days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the County.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgements and compensated absences are recorded as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the County's policy is to pay the expenditure from restricted fund balance and then from less-restrictive classifications – committed, assigned and then unassigned fund balances.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's Internal Service Funds are from charges to customers for sales and services. Operating expenses for Internal Service Funds include the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES AND FUND BALANCE/NET POSITION

The following accounting policies are followed in preparing the financial statements:

Cash, Cash Equivalents and Pooled Investments - The cash balances of most County funds are pooled and invested. Interest earned on investments is recorded in the General Fund, unless otherwise provided by law. Investments are stated at fair value except for investments in the Iowa Public Agency Investment Trust and non-negotiable certificates of deposit which are stated at amortized cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash, and, at the day of purchase, have a maturity date no longer than three months.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

Note 1: Summary of Significant Accounting Policies (Continued)

Property Tax Receivable – Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the County Board of Supervisors. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Supervisors to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Supervisors is required to certify its budget in March of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is reported as deferred inflow of resources in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds becomes due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2017 assessed property valuations; is for the tax accrual period July 1, 2018 through June 30, 2019 and reflects the tax asking contained in the budget certified by the County Board of Supervisors in March 2018.

Interest and Penalty on Property Tax Receivable - Interest and penalty on property tax receivable represents the amount of interest and penalty that was due and payable but has not been collected.

Drainage and Special Assessments Receivable - Drainage and special assessments receivable represents amounts assessed to individuals for work done which benefits their property. These assessments are payable by individuals in not less than 10 nor more than 20 annual installments. Each annual installment with interest on the unpaid balance is due on September 30 and is subject to the same interest and penalties as other taxes. Drainage assessments receivable represent assessments which are due and payable but have not been collected and remaining assessments which are payable but not yet due.

Due from and Due to Other Funds - During the course of its operations, the County has numerous transactions between funds. To the extent that certain transactions between funds had not been paid or received as of June 30, 2019, balances of interfund amounts receivable or payable have been recorded in the financial statements.

Due from Other Governments - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants, and reimbursements from other governments.

Inventories - Inventories are valued at cost using the first-in, first-out method. Inventories in the Special Revenue Funds consist of expendable supplies held for consumption. The cost is recorded as an expenditure at the time individual inventory items are purchased. Reported inventories are equally offset by a fund balance reserve which indicates that they are not available to liquidate current obligations.

Capital Assets – Capital assets, which include property, equipment and vehicles, intangibles and infrastructure assets acquired after July 1, 1980 (e.g., roads, bridges, curbs, gutters, sidewalks, and similar items which are immovable and of value only to the County), are reported in the applicable governmental and business-type activities columns in the government-wide Statement of Net Position. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value. Acquisition value is the price that would have been paid to acquire a capital asset with equivalent service potential. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend lives are not capitalized. Reportable capital assets are defined by the County as assets with initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

<u>Asset Class</u>	<u>Amount</u>
Infrastructure	\$ 50,000
Land, buildings and improvements	25,000
Intangibles	75,000
Equipment and vehicles	5,000

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS June 30, 2019

Note 1: Summary of Significant Accounting Policies (Continued)

Capital Assets of the County are depreciated/amortized using the straight line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives (In Years)</u>
Buildings	40-50
Building improvements	20-50
Infrastructure	30-50
Intangibles	2-20
Equipment	2-20
Vehicles	3-10

Deferred Outflows of Resources – Deferred outflows of resources represent a consumption of net position applicable to a future year(s) which will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension and OPEB expense and contributions from the County after the measurement date but before the end of the County's reporting period.

Due to Other Governments - Due to other governments represents taxes and other revenues collected by the County and payments for services which will be remitted to other governments.

Trusts Payable - Trusts payable represents amounts due to others which are held by various County officials in fiduciary capacities until the underlying legal matters are resolved.

Compensated Absences - County employees accumulate a limited amount of earned but unused vacation and sick leave hours for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide, proprietary and fiduciary fund financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees who have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2019. Any accrued compensated absences that are carried over must be taken in the following fiscal year or else be lost. The compensated absence liability attributable to the governmental activities will be paid primarily by the General Fund and the Special Revenue, Mental Health, Rural Services and Secondary Road Funds.

Long-Term Liabilities – In the government-wide and the proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund Statement of Net Position.

In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Pensions – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Iowa Public Employees' Retirement System (IPERS) and additions to/deductions from IPERS' fiduciary net position have been determined on the same basis as they are reported by IPERS. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The net pension liability attributable to the governmental activities will be paid primarily by the General Fund and the Special Revenue, Mental Health, Rural Services and Secondary Roads Funds.

Total OPEB Liability – For purposes of measuring the total OPEB liability, deferred outflows of resources related to OPEB and OPEB expense, information has been determined based on Cerro Gordo County, Iowa's actuary report. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The total OPEB liability attributable to the governmental activities will be paid primarily by the General Fund and the Special Revenue, Mental Health, Rural Services and Secondary Roads Funds.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

Note 1: Summary of Significant Accounting Policies (Continued)

Deferred Inflows of Resources – Deferred inflows of resources represents an acquisition of net position applicable to a future year(s) which will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the fund financial statements consist of property tax receivable and other receivables not collected within sixty days after year-end and succeeding year property tax receivables that will not be recognized until the year for which they are levied.

Deferred inflows of resources in the Statement of Net Position consist of succeeding year property tax receivable that will not be recognized until the year for which it is levied, unrecognized items not yet charged to pension expense and the unamortized portion of the net difference between projected and actual earnings on pension plan assets.

In the governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred inflows of resources.

Fund Balance – In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable – Amounts which cannot be spent because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or are imposed by law through constitutional provisions or enabling legislation.

Committed – Amounts which can be used only for specific purposes pursuant to constraints formally imposed by the Board of Supervisors through ordinance or resolution approved prior to year end. Committed amounts cannot be used for any other purpose unless the Board of Supervisors removes or changes the specified use by taking the same action it employed to commit those amounts.

Assigned – Amounts the Board of Supervisors intend to use for specific purposes. In a resolution dated June 2011, the Board of Supervisors designated the County Auditor to make such determinations.

Unassigned – All amounts not included in the preceding classifications. The General Fund is the only fund that reports a positive unassigned fund balance. In other governmental funds, it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the general fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

Net Position – The Net Position of the Internal Service, Employee Group Health Fund is designated for anticipated future catastrophic losses of the County.

E. BUDGETS AND BUDGETARY ACCOUNTING

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2019, disbursements did not exceed amounts budgeted.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

Note 2: Cash, Cash Equivalents and Pooled Investments

The County's deposits in banks at June 30, 2019 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

The County is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Supervisors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2019, the County had the following investments:

Investment	Fair Value	Maturity
Federal Farm Credit Banks (FFCB)	\$249,305	November 2019
Federal Farm Credit Banks (FFCB)	248,507	October 2020
Federal National Mortgage Association (FNMA)	250,927	April 2024
Federal National Mortgage Association (FNMA)	250,043	May 2021
Federal Home Loan Banks (FHLB)	247,648	July 2020
Federal Home Loan Banks (FHLB)	500,250	January 2024
Federal Home Loan Mortgage Company (FHLMC)	250,135	September 2022
	<u>\$1,996,815</u>	

The County uses the fair value hierarchy established by generally accepted accounting principles based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs. Level 3 inputs are significant unobservable inputs.

The recurring fair value measurement for the FFCB securities of \$497,812, the FNMA securities of \$500,970, the FHLB securities of \$747,898 and the FHLMC securities of \$250,135 were determined using the last reported sales price at current exchange rates. (Level 1 inputs)

In addition, the County had investments in the Iowa Public Agency Investment Trust (IPAIT) which are valued at an amortized cost of \$605,084. There were no limitations or restrictions on withdrawals for the IPAIT investments. The County's investment in IPAIT is unrated.

Interest Rate Risk – The County's investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) to instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days, but the maturities shall be consistent with the needs and use of the County.

Credit Risk – The County does not have a policy relating to the credit risk of investments. The County's FFCB, FNMA, FHLB and FHLMC investments at June 30, 2019 are rated Aaa by Moody's Investors Service. The investment in the Iowa Public Agency Investment Trust is unrated.

Concentration of Credit Risk – The County places no limit on the amount which may be invested in any one issuer. More than 5% of the County's investments are in the Federal Farm Credit Banks, the Federal National Mortgage Association and the Federal Home Loan Banks. The County's investments in the Federal Farm Credit Banks, Federal National Mortgage Association and the Federal Home Loan Banks are 9.76%, 9.82% and 14.66%, respectively, of the County's total investments.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

Note 3: Due from and Due to Other Funds

The detail of interfund receivables and payables at June 30, 2019, is as follows:

Receivable Fund	Payable Fund	Amount
General Fund	Special Revenue:	
	Mental Health	\$195
	Secondary Roads	193
Total		<u>\$388</u>

These balances resulted from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur, transactions are recorded in the accounting system, and payments between funds are made.

Note 4: Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2019 is as follows:

Transfer To	Transfer From	Amount
Special Revenue:	Special Revenue:	
Secondary Roads	Rural Service	\$2,300,000
Public Health	General Fund	1,759,730
Capital Projects	General Fund	400,000
Total		<u>\$4,459,730</u>

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources.

Note 8: General Obligation Capital Loan Notes / Local Option Sales and Service Tax Revenue Bonds

During the year ended June 30, 2012, the County issued \$9,365,000 General Obligation Refunding Capital Loan Notes to refund \$9,000,000 of General Obligation Capital Loan Notes that had been issued for the purpose of constructing and equipping a new Law Enforcement Center. The notes are payable from a continuing annual levy of taxes on all of the taxable property in the County. Interest on each note is due annually on December 1 and principal and interest payments are due annually on June 1, maturing on June 1, 2026. A summary of the County's June 30, 2019 general obligation indebtedness is as follows:

Year Ending June 30,	2012A \$9,365,000 Issue		
	Interest Rate	Principal	Interest
2020	2.00%	\$830,000	\$141,828
2021	2.00%	845,000	125,227
2022	2.10%	865,000	108,327
2023	2.25%	880,000	90,163

2025-2026	2.55%-2.65%	1,875,000	73,938
		\$6,195,000	\$609,845

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

Note 8: General Obligation Capital Loan Notes / Local Option Sales and Service Tax Revenue Bonds (Continued)

During the year ended June 30, 2009, the County issued \$885,000 of Local Option Sales and Service Tax Revenue Bonds. The purpose of the bonds was for paying the County's share of the Clear Lake Dredging and Restoration Project, a rural County betterment project for the County of Cerro Gordo. The funds were to be advanced as needed for the project. As of June 30, 2009, \$300,000 had been advanced to the County. During the year ended June 30, 2010, an additional \$ 168,750 was advanced to the County. Interest payments are due semiannually, commencing December 1, 2008 and principal payments are due annually commencing June 1, 2009, maturing June 1, 2028. Payments made during fiscal year 2019 totaled \$22,000. Details of the outstanding bonds are as follows:

Year Ending June 30.	Interest Rate	2008 \$885,000 Issue	
		Principal	Interest
2020	1.25%	\$22,500	\$2,666
2021	1.25%	23,000	2,384
2022	1.25%	23,000	2,097
2023	1.25%	23,500	1,809
2024	1.25%	24,000	1,516
2025-2028	1.25%	97,250	3,062
		<u>\$213,250</u>	<u>\$13,534</u>

Note 9: Installment Purchase Agreement

During the year ended June 30, 2019, the County entered into an installment purchase agreement with Ziegler for the purchase of four motor graders. The motor graders were delivered to the County in July 2018 and an initial payment of \$550,000 was made to Ziegler with the \$378,600 balance to be paid in July 2019.

Note 10: Retirement Benefits

The County offers retirement benefits to its employees. There are different criteria for different collective bargaining units and non-bargaining units, however, the general rule is: Any retiree with 30 years of service at age 58, or 20 years at age 62, will be provided with a single health insurance policy premium until the age of 65 for some, or 65 or Medicare eligible, whichever is later, for others.

At June 30, 2019, the County has obligations to eleven participants with a total liability of \$183,008. Retirement benefits expenses for twelve retirees for the year ended June 30, 2019 totaled \$95,632 and were paid from the General Fund, Public Health Fund and the Secondary Roads Fund.

Note 11: Drainage Warrants Payable

Drainage warrants are warrants which are legally drawn on drainage district funds but are not paid for lack of funds, in accordance with Chapter 74 of the Code of Iowa. The warrants bear interest at rates in effect at the time the warrants are first presented. Warrants will be paid as funds are available.

Drainage warrants are paid from the Drainage Special Revenue Fund solely from special assessments against benefited properties.

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

Note 12: Operating Leases

During the fiscal year ended June 30, 2017, the County entered into operating lease agreements for seven vehicles for the Cerro Gordo County Public Health Department. During the fiscal year ended June 30, 2018, the County entered into operating lease agreements for three vehicles for the Cerro Gordo County Public Health Department. Rental expense for the year ended June 30, 2019 is \$24,815. Rental payments are paid from the Public Health Fund. Following is a schedule of minimum future rentals for non-cancelable operating leases in effect at June 30, 2019:

Year Ending June 30,	Vehicles
2020	\$21,879
2021	3,324
Total	<u>\$25,203</u>

The County entered into operating lease agreements for copiers for the Cerro Gordo County Auditor, Attorney, Recorder, Sheriff, Treasurer, County Social Services and Board of Supervisor offices. Rental expense for the year ended June 30, 2019 is \$26,005. Rental payments are paid from the General Fund. Following is a schedule of minimum future rentals for non-cancelable operating leases in effect at June 30, 2019:

Year Ending June 30,	Copiers
2020	\$18,469
2021	15,223
2022	9,876
2023	8,634
2024	1,724
Total	<u>\$53,926</u>

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS June 30, 2019

Note 13: Sewer Revenue Capital Loan Notes

The County has issued \$280,000 in sewer revenue capital loan notes to fund the costs of improvement and extensions to the County's Sanitary Sewer Utility including construction of a sanitary sewer collection and treatment facility for users in the City of Swaledale. The notes and interest are payable solely from the net earnings of the system and not from general funds of the County. Payments on the capital loan notes began on July 1, 1999. The capital loan notes have an interest rate of 4.50% with the final payment due July 1, 2036. Details of the sewer revenue capital loan notes are as follows:

Year Ending June 30,	Principal	Interest	Total
2020	\$7,349	\$8,167	\$15,516
2021	7,680	7,836	15,516
2022	8,025	7,491	15,516
2023	8,386	7,130	15,516
2024	8,764	6,752	15,516
2025-2029	50,101	27,479	77,580
2030-2034	62,436	15,144	77,580
2035-2036	28,747	1,946	30,693
	<u>\$181,488</u>	<u>\$81,945</u>	<u>\$263,433</u>

The County has also issued \$59,100, \$253,200 and \$49,000 in sewer revenue capital loan notes to fund the costs of improvements and extensions to the County's Sanitary Sewer Utility including construction of a sanitary sewer collection and treatment facility for users in the City of Meservey. The notes and interest are payable solely from the net earnings of the system and do not represent general obligations of the County. Interest payments on the capital loan notes began on July 1, 2003. The capital loan notes have an interest rate of 4.50% with final payment due by July 1, 2044. Details of the sewer revenue capital loan notes are as follows:

Year Ending June 30,	\$59,100 Note		\$253,200 Note		\$49,000 Note		Total

Note 14: Pension Plan

Plan Description – IPERS membership is mandatory for employees of the County, except for those covered by another retirement system. Employees of the County are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at P.O. Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code Chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

Note 14: Pension Plan (Continued)

Pension Benefits – A Regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment, or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012 will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

Sheriffs, deputies and protection occupation members may retire at normal retirement age, which is generally age 55. Sheriffs, deputies and protection occupation members may retire any time after reaching age 50 with 22 or more years of covered employment.

The formula used to calculate a sheriff's, deputy's or protection occupation member's monthly IPERS benefit includes:

- 60% of average salary after completion of 22 years of service, plus an additional 1.5% of average salary for more than 22 years of service but not more than 30 years of service.
- The member's highest three-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25% for each month that the member received benefits before the member's earliest normal retirement age. For service earned on or after July 1, 2012, the reduction is 0.50% for each month the member received benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

Disability and Death Benefits – A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

Contributions – Contribution rates are established by IPERS following the annual actuarial valuation which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires that the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2019, pursuant to the required rate, Regular members contributed 6.29% of covered payroll and the County contributed 9.44% of covered payroll, for a total rate of 15.73%. The Sheriff, deputies and the County each contributed 9.76% of covered payroll for a total rate of 19.52%. Protection occupation members contributed 6.81% of covered payroll and the County contributed 10.21% of covered payroll for a total rate of 17.02%.

The County's contributions to IPERS for the year ended June 30, 2019 were \$1,291,251.

Net Pension Liability, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2019, the County reported a liability of \$8,824,894 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contributions of all IPERS participating employers.

June 30, 2019

Note 14: Pension Plan (Continued)

At June 30, 2018, the County's proportion was 0.1394525% which was a decrease of 0.012778% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the County recognized pension expense of \$1,311,144. At June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$77,212	\$262,201
Changes of Assumptions	1,606,357	280,494
Net Difference Between Projected and Actual Earnings on IPERS' Investments	0	336,570
Changes in Proportion and Differences Between County Contributions and the County's Proportionate Share of Contributions	381,934	267,941
County Contributions Subsequent to the Measurement Date	1,291,251	0
Total	<u>\$3,356,754</u>	<u>\$1,147,206</u>

\$1,291,251 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	Amount
2020	\$763,273
2021	392,670
2022	(104,869)
2023	(90,939)
2024	(41,838)
Total	<u>\$918,297</u>

There were no non-employer contributing entities to IPERS.

Actuarial Assumptions – The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions applied to all periods included in the measurement:

Rate of Inflation (effective June 30, 2017)	2.60% per annum
Rates of Salary Increase (effective June 30, 2017)	3.25 to 16.25%, average, including inflation, rates vary by membership group
Long-Term Investment Rate of Return (Effective June 30, 2017)	7.00%, compounded annually, net of investment expense, including inflation
Wage Growth (Effective June 30, 2017)	3.25% per annum, based on 2.60% inflation and 0.65% real wage inflation

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an economic assumptions study dated March 24, 2017 and a demographic assumption study dated June 28, 2018.

Mortality rates used in the 2018 valuation were based on the RP-2014 Employee and Healthy Annuitant Tables with MP-2017 generational adjustments.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

Note 14: Pension Plan (Continued)

The long-term expected rate of return on IPERS' investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Asset Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	22.00%	6.01%
International Equity	15.00	6.48
Global Smart Beta Equity	3.00	6.23
Core Plus Fixed Income	27.00	1.97
Public Credit	3.50	3.93
Public Real Assets	7.00	2.91
Cash	1.00	(0.25)
Private Equity	11.00	10.81
Private Real Assets	7.50	4.14
Private Credit	3.00	3.11
Total	100.00%	

Discount Rate – The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed employee contributions will be made at the contractually required rate and contributions from the County will be made at contractually required rates, actuarially determined. Based on those assumptions, IPERS' fiduciary net position was projected to be available to make all projected future benefit payments to current active and inactive employees. Therefore, the long-term expected rate of return on IPERS' investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower (6.00%) or 1 percentage point higher (8.00%) than the current rate.

	1% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
County's Proportionate Share of the Net Pension Liability	\$16,891,626	\$8,824,894	\$2,059,873

IPERS' Fiduciary Net Position – Detailed information about IPERS' fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at www.ipers.org.

Payables to IPERS – All legally required County contributions and legally required employee contributions which had been withheld from employee wages were remitted by the County to IPERS by June 30, 2019.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

Note 15: Other Postemployment Benefits (OPEB)

Plan Description – The County administers a single-employer benefit plan which provides medical, prescription drug and dental benefits for employees, retirees and their spouses. Group insurance benefits are established under Iowa Code Chapter 509A.13. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Governmental Accounting Standards Board Statement No. 75.

OPEB Benefits – Individuals who are employed by Cerro Gordo County, Iowa and are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement. Retirees under age 65 pay the same premium for the medical, prescription drug and dental benefits as active employees, which results in an implicit rate subsidy and an OPEB liability.

Retired participants must be age 55 or older at retirement. At June 30, 2019, the following employees were covered by benefit terms:

Inactive Employees or Beneficiaries Currently Receiving Benefit Payments	35
Active Employees	239
Total	274

Total OPEB Liability – The County’s total OPEB liability of \$2,357,067 was measured as of June 30, 2018 and was determined by an actuarial valuation as of July 1, 2017.

Actuarial Assumptions – The total OPEB liability in the July 1, 2017 actuarial valuation was determined using the following actuarial assumptions and the entry age normal actuarial cost method, applied to all periods included in the measurement.

Rate of Inflation (effective July 1, 2017)	2.75% per annum
Rate of Salary Increase (effective July 1, 2017)	0.00% per annum, including inflation
Discount Rate (effective July 1, 2017)	3.72% compounded annually, including inflation
Healthcare Cost Trend Rate (effective July 1, 2017)	6.00% initial rate

Discount Rate – The discount rate used to measure the total OPEB liability was 3.72% which reflects the index rate for 20-year tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher as of the measurement date.

Mortality rates are from the SOA RPH-2017 total dataset mortality table fully generational using Scale MP-2017. Annual retirement probabilities are based on varying rates by age and turnover probabilities mirror those used by IPERS.

The actuarial assumptions used in the July 1, 2017 valuation were based on the results of an actuarial experience study with dates corresponding to those listed above.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS June 30, 2019

Note 15: Other Postemployment Benefits (OPEB) (Continued)

Changes in the Total OPEB Liability

	Total OPEB Liability
Total OPEB Liability Beginning of Year	\$2,263,572
Changes for the Year:	
Service Cost	108,310
Interest	86,265
Differences Between Expected and Actual Experiences	9,805
Changes in Assumptions	0
Benefit Payments	(110,885)
Net Changes	93,495
Total OPEB Liability End of Year	\$2,357,067

Sensitivity of the County's Total OPEB Liability to Changes in the Discount Rate – The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1% lower (2.72%) or 1% higher (4.72%) than the current discount rate:

	1% Decrease (2.72%)	Discount Rate (3.72%)	1% Increase (4.72%)
Total OPEB Liability	\$2,591,202	\$2,357,067	\$2,148,322

Sensitivity of the County's Total OPEB Liability to Changes in the Healthcare Cost Trend Rates – The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower (5.00%) or 1% higher (7.00%) than the current healthcare cost trend rates:

	1% Decrease (5.00%)	Healthcare Cost Trend Rate (6.00%)	1% Increase (7.00%)
Total OPEB Liability	\$2,054,121	\$2,357,067	\$2,720,689

OPEB Expense and Deferred Outflows of Resources Related to OPEB – For the year ended June 30, 2019, the County recognized OPEB expense of \$122,041. At June 30, 2019, the County reported deferred outflows of resources related to OPEB from the following resources:

	Deferred Outflows of Resources
Differences Between Expected and Actual Experience	\$9,019

The amount reported as deferred outflows of resources related to OPEB will be recognized as OPEB expense as follows:

Year Ending June 30,	Amount
2020	\$786
2021	786
2022	786
2023	786
2024	786
Thereafter	5,089
Total	\$9,019

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

Note 16: Risk Management

Cerro Gordo County is a member of the Iowa Communities Assurance Pool, as allowed by Chapter 331.301 of the Code of Iowa. The Iowa Communities Assurance Pool (Pool) is a local government risk-sharing pool whose 778 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public officials liability, police professional liability, property, inland marine, and boiler/machinery. There have been no reductions in insurance coverage from prior years.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual casualty operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claims expenses and reinsurance expenses estimated for the fiscal year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained at a level determined by the Board not to exceed 300% of the basis rate.

The Pool also provides property coverage. Members who elect such coverage make annual operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses, reinsurance premiums, losses and loss expenses for property risks estimated for the fiscal year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contributions.

The County's property and casualty contributions to the Pool are recorded as expenditures from its operating funds at the time of payment to the Pool. The County's annual contributions to the Pool for the year ended June 30, 2019 were \$270,108.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$500,000 per claim. Claims exceeding \$500,000 are reinsured through reinsurance and excess risk-sharing agreements up to the amount of risk-sharing protection provided by the County's risk-sharing certificate. Property and automobile physical damage risks are retained by the Pool up to \$250,000 each occurrence, each location. Property risks exceeding \$250,000 are reinsured through reinsurance and excess risk-sharing agreements up to the amount of risk-sharing protection provided by the County's risk-sharing certificate.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim, property loss or series of claims or losses exceeds the amount of risk-sharing protection provided by the County's risk-sharing certificate, or in the event a casualty claim, property loss or series of claims or losses exhausts the Pool's funds and any excess risk-sharing recoveries, then payment of such claims or losses shall be the obligation of the respective individual member against whom the claim was made or the loss was incurred.

The County does not report a liability for losses in excess of reinsurance or excess risk-sharing recoveries unless it is deemed probable that such losses have occurred and the amount of such loss can be reasonably estimated. Accordingly, at June 30, 2019, no liability has been recorded in the County's financial statements. As of June 30, 2019, settled claims have not exceeded the risk pool or reinsurance coverage since the Pool's inception.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days prior written notice may withdraw from the Pool. Upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Upon withdrawal, a formula set forth in the Pool's intergovernmental contract with its members is applied to determine the amount (if any) to be refunded to the withdrawing member.

The County also carries commercial insurance purchased from other insurers for coverage associated with workers compensation and employee blanket bond in the amount of \$5,000,000 and \$100,000, (except for the Treasurer which is \$500,000) respectively. The County assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

Note 17: Employee Health Insurance Plan

The Internal Service Health Insurance Fund was established to account for the self-funding of the County's health insurance benefit plan. The plan is funded by both employee and County contributions and is administered through a service agreement with Wellmark. The agreement is subject to automatic renewal provisions. The County assumes liability for claims up to the individual stop loss limitation of \$75,000. Claims in excess of coverage are insured through purchase of stop loss insurance.

Monthly payments of service fees and plan contributions to the Cerro Gordo County Health Insurance Fund are recorded as expenditures from the operating funds. Under the administrative services agreement, monthly payments of service fees and claims processed are paid to Wellmark from the Cerro Gordo County Health Insurance Fund. The County's contribution to the fund for the year ended June 30, 2019 was \$ 2,771,116.

Amounts payable from the Cerro Gordo County Health Insurance Fund at June 30, 2019 total \$641,041 which is for incurred but not reported (IBNR) claims and reported but not paid claims. The amounts are based on actuarial estimates of the amounts necessary to pay prior-year and current-year claims, and to establish a reserve for catastrophic losses. That reserve was \$1,571,123 at June 30, 2019 and is reported as a designation of the Cerro Gordo County Health Insurance Fund Net Position. A liability has been established based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires a liability for claims be reported if information prior to the issuance of the financial statements indicates it is probable a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Settlements have not exceeded the stop-loss coverage in any of the past three years. A reconciliation of changes in the aggregate liabilities for claims for the current year is as follows:

	Balance as of July 1	Current Year Claims	Claims Payments	Balance as of June 30
2018-2019	\$486,482	\$2,763,019	\$2,608,460	\$641,041

Note 18: Development Agreement

The County agreed to rebate portions of the incremental property tax paid by Mason City Red Power. The incremental property tax to be received by the County under Chapter 403.19 of the Code of Iowa from the developer will be rebated to Mason City Red Power for a period not to exceed six years or in a cumulative amount not to exceed an aggregate total of \$200,000. The payments will be made on June 1 of each fiscal year, beginning June 1, 2015. The total rebated during the year ended June 30, 2019 was \$20,819 and the cumulative rebated amount is \$200,000, fulfilling the obligation.

Note 19: Tax Abatements

Governmental Accounting Standards Board Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

County Tax Abatements

The County provides tax abatements for urban renewal and economic development projects with tax increment financing as provided for in Chapters 15A and 403 of the Code of Iowa. For these types of projects, the County enters into agreements with developers which require the County, after developers meet the terms of the agreements, to rebate a portion of the property tax paid by the developers, to pay the developers an economic development grant or to pay the developers a predetermined dollar amount. No other commitments were made by the County as part of these agreements.

For the year ended June 30, 2019, the County abated \$60,451 of property tax under the urban renewal and economic development projects.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

Note 19: Tax Abatements (Continued)

Tax Abatements of Other Entities

Property tax revenues of the County were reduced by the following amounts for the year ended June 30, 2019 under agreements entered into by the following entities:

Entity	Tax Abatement Program	Amount of Tax Abated
City of Mason City	Urban renewal and economic Development projects	\$306,230
City of Clear Lake	Urban renewal and economic Development projects	\$123,174
City of Rockwell	Urban renewal and economic Development projects	\$30

Note 20: Closure and Postclosure Care Costs

Cerro Gordo County is a member of the Landfill of North Iowa. The Landfill of North Iowa is an inter-governmental agency established in accordance with the provisions of Chapter 28E of the State Code of Iowa (Inter-governmental Cooperation Agreement). The purpose of the agency is to provide for the economic disposal or collection and disposal of all solid waste produced or generated within each member city, town, and the unincorporated portion of Cerro Gordo County, comprising the municipalities. In performing its duties, the agency may contract with and expend funds from federal, state, and local agencies and private individuals and corporations.

State and federal laws and regulations require the agency to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, state laws require the agency to submit a closure and postclosure plan detailing the schedule for and the methods by which the operator will meet the conditions for proper closure and postclosure. The agency is in compliance with this requirement. On June 30, 2019, the County did not anticipate any additional assessments for closure and postclosure care costs.

Note 21: Related Party Transactions

Business transactions between the County and County officials or employees were noted. The transactions appear to be authorized in accordance with Chapter 331.342 of the Code of Iowa because the transaction totals were less than \$1,500 for the fiscal year.

Note 22: Commitments and Contingencies

The County participates in a number of federally assisted grant programs. The programs are subject to financial and compliance audits. The amount of expenditures, if any, which may be disallowed by the granting agency is not determinable at this time; however, County officials do not believe that such amounts would be significant.

The County has entered into a contract with Reilly Construction for a box culvert replacement project. As of June 30, 2019, costs of \$250,567 have been incurred on the project. The County has entered into a contract with Cramer & Associates for a bridge project. As of June 30, 2019, costs of \$148,950 have been incurred on the project. The County has also started construction of the Prairie Land Trail. As of June 30, 2019, costs of \$579,003 have been incurred on the project. The County has started a parking lot project. As of June 30, 2019, costs of \$49,570 have been incurred on the project. The balances on the projects will be paid as work on the projects progresses.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

Note 23: Early Childhood Iowa Area Board

Cerro Gordo County is the fiscal agent for the Cerro Gordo, Hancock, Worth Empowerment Board, an organization formed pursuant to the provisions of Chapter 256I of the Code of Iowa. The Area Board receives state grants to administer early childhood and school ready programs. Financial transactions of the Area Board are included in the County's financial statements as part of the Other Agency Funds because of the County's fiduciary relationship with the organization. The Area Board's financial data for the year ended June 30, 2019 is as follows:

	Early Childhood	School Ready	Total
Revenues:

Excess of Revenues Over Expenditures		57,023
Fund Balance – Beginning of Year		<u>250,675</u>
Fund Balance – End of Year		<u>\$307,698</u>

Note 25: Prospective Accounting Change

Governmental Accounting Standards Board has issued Statement No. 84, *Fiduciary Activities*. This statement will be implemented for the fiscal year ending June 30, 2020. The revised requirements of this statement will enhance the consistency and comparability of fiduciary activity reporting by state and local governments by establishing specific criteria for identifying fiduciary activities and clarifying whether and how business-type activities should report their fiduciary activities.

Note 26: Subsequent Events

Management has evaluated subsequent events through December 19, 2019, the date which the financial statements were available to be issued.

This page was left blank intentionally.

CERRO GORDO COUNTY, IOWA

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – BUDGETARY REPORTING June 30, 2019

In accordance with the Code of Iowa, the County Board of Supervisors annually adopts a budget on the modified accrual basis following required public notice and hearing for all funds, except blended component units, drainage districts, the Internal Service Funds and Agency Funds, and appropriates the amount deemed necessary for each of the different County offices and departments. The budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon ten major classes of expenditures known as functions, not by fund. These ten functions are: public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, non-program, debt service and capital projects. Function disbursements required to be budgeted include disbursements for the general fund, special revenue funds, debt service fund and capital projects funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. Legal budgetary control is also based upon the appropriation to each office or department. During the year, one budget amendment increased budgeted revenues and expenditures by \$768,073 and \$2,067,138 respectively. The budget amendment is reflected in the final budgeted amounts.

In addition, annual budgets are similarly adopted in accordance with the Code of Iowa by the appropriate governing body as indicated: for the County Extension Office by the County Agricultural Extension Council, for the County Assessor by the County Conference Board, for the E911 System by the Joint E911 Service Board and for Emergency Management Services by the County Emergency Management Commission.

During the year ended June 30, 2019, disbursements did not exceed the amounts budgeted.

CERRO GORDO COUNTY, IOWA

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – PENSION LIABILITY YEAR ENDED JUNE 30, 2019

Changes of Benefit Terms:

Legislation enacted in 2010 modified benefit terms for Regular members. The definition of final average salary changed from the highest three to the highest five years of covered wages. The vesting requirement changed from four years of service to seven years. The early retirement reduction increased from 3% per year measured from the member's first unreduced retirement age to a 6% reduction for each year of retirement before age 65.

Changes of Assumptions:

The 2018 valuation implemented the following refinements as a result of a demographic assumption study dated June 28, 2018:

- Changed mortality assumptions to the RP-2014 mortality tables with mortality improvement modeled using Scale MP-2017.
- Adjusted retirement rates.
- Lowered disability rates.
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit.
- Adjusted the merit component of the salary increase assumption.

The 2017 valuation implemented the following refinements as a result of an experience study dated March 24, 2017:

- Decreased the inflation assumption from 3.00% to 2.60%.
- Decreased the assumed rate of interest on member accounts from 3.75% to 3.50% per year.
- Decreased the discount rate from 7.50% to 7.00%.
- Decreased the wage growth assumption from 4.00% to 3.25%.
- Decreased the payroll growth assumption from 4.00% to 3.25%.

The 2014 valuation implemented the following refinements as a result of a quadrennial experience study:

- Decreased the inflation assumption from 3.25% to 3.00%.
- Decreased the assumed rate of interest on member accounts from 4.00% to 3.75% per year.
- Adjusted male mortality rates for retirees in the Regular membership group.
- Reduced retirement rates for sheriffs and deputies between the ages of 55 and 64.
- Moved from an open 30 year amortization period to a closed 30 year amortization period for the UAL (unfunded actuarial liability) beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20 year period.

The 2010 valuation implemented the following refinements as a result of a quadrennial experience study:

- Adjusted retiree mortality assumptions.
- Modified retirement rates to reflect fewer retirements.
- Lowered disability rates at most ages.
- Lowered employment termination rates.
- Generally increased the probability of terminating members receiving a deferred retirement benefit.
- Modified salary increase assumptions based on various service duration.

STATISTICAL SECTION

CERRO GORDO COUNTY, IOWA

STATISTICAL SECTION
June 30, 2019

This part of Cerro Gordo County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

<u>Contents</u>	<u>Pages</u>
Financial Trends These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.	100-109
Revenue Capacity These schedules contain information to help the reader assess the County's most significant local revenue source, the property tax.	110-119
Debt Capacity These schedules present information to help the readers assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.	120-124
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.	125-126
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.	127-132

(1) Net Taxable Value is the value on which real estate taxes are calculated and on which budgets of the various Levy Authorities are based. For property valued by local assessors, total taxable value is the actual value of property multiplied by the statewide rollback rate that is determined annually by the Iowa Department of Management.

(2) Other Property includes utility property, railroad property, and gas and electric utility property, all of which are valued by the Iowa Department of Management. All other property classes are valued by the local assessor.

(3) 2013 Iowa Acts Senate File 295 created a new property classification, multiresidential, for property valuations established on or after January 1, 2015.

(4) Per \$1,000 of value

(1) In 2012, West Fork School District was formed by combining Meservey-Thornton School District, Rockwell-Swaledale School District, and Sheffield-Chapin School District.

(2) Beginning in 2012, Nora Springs-Rock Falls School District and North Central School District consolidated. However, each school has its own property tax rate.

(3) In 2016, Clear Lake Township divided its township according to the fire department service area.

(4) There is only one tax rate for the Central Springs School District beginning in 2016.

(5) On 7/1/2015, the Ventura School District and the Garner-Hayfield School District consolidated to form the Garner-Hayfield-Ventura School District.

(6) Beginning 7/1/2019, Forest City Schools combined with Woden-Crystal Lake schools. However, the school name remains Forest City.

CERRO GORDO COUNTY, IOWA
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
Year Ended June 30, 2019 (Continued)

During the year ended June 30, 2019, the Federal Emergency Management Agency approved \$97,444 of eligible expenditures that were incurred in the prior year. These approved eligible expenditures incurred in the prior year are included in the Schedule of Expenditures of Federal Awards of Cerro Gordo County for the year ended June 30, 2019.

Basis of Presentation – The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal award activity of Cerro Gordo County under programs of the federal government for the year ended June 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2, U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Cerro Gordo County, it is not intended to and does not present the financial position, changes in financial position or cash flows of Cerro Gordo County.

Summary of Significant Accounting Policies – Expenditures reported in the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments*, or the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Indirect Cost Rate - Cerro Gordo County has elected not to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

See Accompanying Independent Auditor's Report.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Officials of Cerro Gordo County
Mason City, Iowa

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Cerro Gordo County, Iowa, as of and for the year ended June 30, 2019, and the related notes to the financial statements which collectively comprise Cerro Gordo County, Iowa's basic financial statements and have issued our report thereon dated December 19, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Cerro Gordo County, Iowa's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Cerro Gordo County, Iowa's internal control. Accordingly, we do not express an opinion on the effectiveness of Cerro Gordo County, Iowa's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings and Questioned Costs as items II-A-19 and II-B-19, that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Cerro Gordo County, Iowa's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of non-compliance or other matters that are described in Part IV of the accompanying Schedule of Findings and Questioned Costs.

Comments involving statutory and other legal matters about the County's operations for the year ended June 30, 2019 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the County. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Cerro Gordo County, Iowa's Responses to Findings

Cerro Gordo County, Iowa's responses to findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. Cerro Gordo County, Iowa's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

December 19, 2019

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Officials of Cerro Gordo County
Mason City, Iowa

Report on Compliance for Each Major Federal Program

We have audited Cerro Gordo County, Iowa's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Cerro Gordo County, Iowa's major federal programs for the year ended June 30, 2019. Cerro Gordo County, Iowa's major federal programs are identified in Part I of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Cerro Gordo County, Iowa's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Cerro Gordo County, Iowa's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on Cerro Gordo County, Iowa's compliance.

Opinion on Each Major Federal Program

In our opinion, Cerro Gordo County, Iowa, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of Cerro Gordo County, Iowa is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Cerro Gordo County, Iowa's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Cerro Gordo County, Iowa's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified certain deficiencies in internal control over compliance as described in the accompanying Schedule of Findings and Questioned Costs as item III-A-19 (2019-001) that we consider to be a material weakness.

Cerro Gordo County, Iowa's response to the internal control over compliance finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. Cerro Gordo County, Iowa's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CERRO GORDO COUNTY, IOWA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2019

Part I: Summary of the Independent Auditor's Results:

- a. Unmodified opinions were issued on the financial statements prepared in accordance with accounting principles generally accepted in the United States of America.
- b. Material weaknesses in internal control over financial reporting were disclosed by the audit of the financial statements.
- c. The audit did not disclose any non-compliance which is material to the financial statements.
- d. A material weakness in internal control over the major programs was disclosed by the audit of the financial statements.
- e. An unmodified opinion was issued on compliance with requirements applicable to the major programs.
- f. The audit disclosed audit findings which are required to be reported in accordance with the Uniform Guidance, Section 200.516.
- g. The major programs were CFDA Number 14.900 – Lead-Based Paint Hazard Control in Privately-Owned Housing and CFDA Number 20.205 – Highway Planning and Construction.
- h. The dollar threshold used to distinguish between Type A and Type B programs was \$750,000.
- i. Cerro Gordo County did not qualify as a low-risk auditee.

CERRO GORDO COUNTY, IOWA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2019

Part II: Findings Related to the Financial Statements:

INTERNAL CONTROL DEFICIENCIES:

II-A-19 Segregation of Duties

Criteria – Management is responsible for establishing and maintaining internal control. A good system of internal control provides for adequate segregation of duties so no one individual handles a transaction from its inception to completion. In order to maintain proper internal control, duties should be segregated so the authorization, custody and recording of transactions are not under the control of the same employee. This segregation of duties helps prevent losses from employee error or dishonesty and maximizes the accuracy of the County's financial statements.

Condition – Various functions of the County Offices are performed by the same person.

Cause – Limited staff available to segregate duties.

Effect – Inadequate segregation of duties could adversely affect the County's ability to prevent or detect and correct misstatements, errors or misappropriation on a timely basis by employees in the normal course of performing their assigned functions.

Recommendation - We realize that with a limited number of office employees, segregation of duties is difficult. However, each County official should review the operating procedures of their office to obtain the maximum internal control possible under the circumstances.

Response - We have reviewed procedures and plan to make the necessary changes to improve internal control. Specifically, the custody, record-keeping and reconciling functions currently performed by the Deputy will be separated and spread among the County Official, Deputy and Clerks. We plan to implement these changes as soon as possible.

Conclusion – Response accepted.

II-B-19 Financial Reporting

Criteria – A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements of the financial statements on a timely basis. Properly designed policies and procedures and implementation of the policies and procedures are an integral part of ensuring the reliability and accuracy of the County's financial statements.

Condition – Material amounts of receivables were not properly recorded in the County's financial statements. Adjustments were subsequently made by the County to properly include these amounts in the financial statements.

Cause – County policies do not require and procedures have not been established to require independent review of year end cut-off transactions to ensure the County's financial statements are accurate and reliable.

Effect – Lack of policies and procedures resulted in County employees not detecting the errors in the normal course of performing their assigned functions. As a result, material adjustments to the County's financial statements were necessary.

Recommendation— The County should establish procedures to ensure all receivables are identified and properly reported in the County's financial statements.

CERRO GORDO COUNTY, IOWA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2019

Part II: Findings Related to the Financial Statements: (Continued)

Response – We will review our current procedures to ensure the proper amounts are recorded in the financial statements in the future.

Conclusion – Response accepted.

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

Part III: Findings and Questioned Costs for Federal Awards:

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

INTERNAL CONTROL DEFICIENCIES:

CFDA Number 14.900: Lead-Based Paint Hazard Control in Privately-Owned Housing

Federal Award Year: 2019

Prior Year Finding Number: III-B-18 (2018-002)

U.S. Department of Housing and Urban Development

CFDA Number 20.205: Highway Planning and Construction

Pass-Through Entity Identifying Numbers: BROS-C017(76)—8J-17 and TAP-R-C017(75)—8T-17

Federal Award Year: 2019

Prior Year Finding Number: N/A

U.S. Department of Transportation

Passed through the Iowa Department of Transportation

III-A-19 (2019-001) **Segregation of Duties over Federal Revenue** – Duties related to the custody, recordkeeping and reconciling of federal awards are not properly segregated by the County. See item II-A-19.

CERRO GORDO COUNTY, IOWA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2019

Part IV: Other Findings Related to Required Statutory Reporting:

IV-A-19 **Certified Budget** – Disbursements during the year ended June 30, 2019 did not exceed the amounts budgeted.

IV-B-19 **Questionable Disbursements** – Certain expenditures we believe may not meet the requirements of public purpose as defined in an Attorney General’s opinion dated April 25, 1979 since the public benefits to be derived have not been clearly documented were noted. Those expenditures are detailed as follows:

Paid To	Purpose	Amount
CG Family Preservation Court	HyVee Gift Cards	\$225

According to the opinion, it is possible for certain expenditures to meet the test of serving a public purpose under certain circumstances, although such items will certainly be subject to a deserved close scrutiny. The line to be drawn between a proper and improper purpose is very thin.

Recommendation – The Board of Supervisors should determine and document the public purpose served by these types of expenditures prior to authorizing any further payments. If this practice is continued, the County should establish written policies and procedures, including requirements for proper public purpose documentation.

Response – We will document this in the future.

Conclusion – Response accepted.

IV-C-19 **Travel Expense** – No expenditures of County money for travel expenses of spouses of County officials or employees were noted.

IV-D-19 **Business Transactions** – The following business transactions between the County and County officials or employees were noted:

Name, Title and Business Connection	Transaction	Amount
Tracie Siemers, Auditor’s Office		
Steve Siemers, Spouse	Snow Removal	\$1,391
Linda Weatherwax, Mother	Election Worker	652

In accordance with Chapter 331.342 of the Code of Iowa, the transactions with Steve Siemers and Linda Weatherwax do not appear to represent conflicts of interest since total transactions were less than \$1,500 during the fiscal year.

IV-E-19 **Bond Coverage** – Surety bond coverage of County officials and employees is in accordance with statutory provisions. The amount of all bonds should be periodically reviewed to ensure that the coverage is adequate for current operations.

CERRO GORDO COUNTY, IOWA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2019

Part IV: Other Findings Related to Required Statutory Reporting: (Continued)

IV-F-19 **Board Minutes** – No transactions were found that we believe should have been approved in the Board minutes but were not. However, it was noted that the list of claims approved, including the purpose of the claim, was not published for two meetings tested.

Recommendation – The County should publish the Board minutes, including a list of claims approved and the purpose of the claim, in accordance with Chapter 349.18 of the Code of Iowa.

Response – The Board minutes will be published in accordance with Chapter 349.18 of the Code of Iowa.

Conclusion – Response accepted.

IV-G-19 **Deposits and Investments** – No instances of non-compliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the County's Investment Policy were noted.

IV-H-19 **Resource Enhancement and Protection Certification** – The County properly dedicated property tax revenue to conservation purposes as required by Chapter 455A.19(1)(b) of the Code of Iowa in order to receive the additional REAP funds allocated in accordance with subsections (b)(2) and (b)(3).

IV-I-19 **Economic Development** – During the year ended June 30, 2019, the County paid \$103,100 for Economic Development, which appears to be an appropriate expenditure of public funds since the public benefits to be derived have been clearly documented.

IV-J-19 **County Extension Office** – The County Extension Office is operated under the authority of Chapter 176A of the Code of Iowa and serves as an agency of the State of Iowa. This fund is administered by an Extension Council separate and distinct from County operations and consequently, is not included in the Government-wide Statement of Net Position or the Government-wide Statement of Activities. Disbursements for the County Extension Office during the year ended June 30, 2019, did not exceed the amount budgeted.

IV-K-19 **Early Childhood Iowa Area Board** – Cerro Gordo County is the fiscal agent for the Cerro Gordo, Hancock, Worth Early Childhood Iowa Area Board, an organization formed pursuant to the provisions of Chapter 256I of the Code of Iowa. Financial transactions of the Area Board are included in the County's financial statements as part of the Other Agency Funds because of the County's fiduciary relationship with the organization.

IV-L-19 **Tax Increment Financing** – For the year ended June 30, 2019, the County Auditor prepared a reconciliation for each City reconciling TIF receipts with total outstanding TIF debt.

IV-M-19 **Annual Urban Renewal Report** – The Annual Urban Renewal Report was properly approved and certified to the Iowa Department of Management on or before December 1.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2019

Part IV: Other Findings Related to Required Statutory Reporting: (Continued)

IV-N-19 **Hotel/Motel Tax** – It was noted the County does not track the hotel/motel tax receipts into the General Fund. Therefore, it could not be determined whether hotel/motel tax receipts were expended in accordance with Chapter 423A.7(4) of the Code of Iowa.

Recommendation – The County should implement procedures to ensure hotel/motel tax receipts are expended in accordance with Chapter 423A.7(4) of the Code of Iowa.

Response – The County established a project number to record the hotel/motel receipts and disbursements.

Conclusion – Response accepted.
