VARIANCE CRITERIA SUPPLEMENTAL INFORMATION

Cerro Gordo County Zoning Board of Adjustment

[For completion by Variance Applicants Only]

This attachment is intended to supplement the Appeal to the Board of Adjustment Application for requests for variances. This attachment shall be submitted as a part of and attached to the Appeal Application and serve to enable the Board to make fair and equitable decisions. Failure to complete this form in its entirety may result in postponing the request until adequate information is submitted.

The Board of Adjustment shall authorize upon appeal, in specific cases, such variance from the terms of the Ordinance as will not be contrary to the public interest, where owing to special conditions a literal enforcement of the provisions of the Ordinance will result in unnecessary hardship, and so that the spirit of the Ordinance shall be observed and substantial justice done.

The Applicant shall be held responsible to provide adequate evidence that the literal enforcement of the Ordinance will result in unnecessary hardship. "Hardship" as used in connection with the granting of a variance means the property in question cannot be put to a reasonable use if used under the conditions allowed by the provisions of the Ordinance, the plight of the landowner is due to circumstances unique to his property not created by the landowner; and the variance, if granted, will not alter the essential character of the locality.

The Board shall ensure that their decision shall not be contrary to the public interest, that the spirit of the Ordinance shall be observed, and substantial justice done.

Applicant(s) J.O. + Wanda Wold Wm + Carol Engst
Type of Variance Requested setback variances

1. The land in question cannot yield a reasonable use for the following reasons:

leaky roof + poor slope to road for
drainage of rain from property driveway

2. What is unique about this property compared to other properties in the vicinity?

grandfathered in as multi residential dwelley

3. Explain how the variance will fit in with the character of the area (i.e., size, height, scale, etc.):

overhang over sidewalk & doorway of #1-~~4~~ adds to look of building & protects from rain collecting @ doorways. new sloped roof will protect from leaking.

4. The need for the variance cannot be attributed to the present or past property owner for the following reasons:

roof just wore out & trying to improve property.

5. The Zoning Ordinance requirements have resulted in a need for a variance for the following reasons:

as I understand it: lack of easements & new structure (sloped roof & overhang)

6. The variance is in accord with the purposes and intent of the Zoning Ordinance and Comprehensive Plan for the following reasons:

protect doorways from flooding
protect roof from leaking
improve look of property

7. The variance will not impair the public health, safety and general welfare of the residents of the County for the following reasons:

contained on property & for protection & improvement of same.
