Welcome to Lime Creek’s Scavenger Hunt where you will take a hike, learn map skills, and explore the park and nature center.

NATURE CENTER HOURS:
MON - FRI
7:30 AM - 4 PM

Make sure you take a photo of you and your finished scavenger hunt, post it on Facebook, and tag us at Lime Creek Nature Center / Cerro Gordo County Conservation
CLUE #1

Start by heading south on the Easy Access Trail.  
Looking for an animal with a big bushy tail.  
He likes to hide out in his homey log.  
But don't be fooled, it's not a dog.  
Read the storywalk and count to eleven.  
Search to the south for a second.  
What is it?

CLUE #2

Continue on the trail to the fork in the road. 
Head east until you find a place to take off a load.  
Sit, relax, and don't forget to look high.  
Can you spot the animal that can fly?  
What is it?
CLUE #3

Continue on the trail to head to the nature center. If it's open, don't forget to enter.
Walk around and find the nocturnal room.
Waggle your stinger in the playroom.
How many animals are awake at night?

CLUE #4

Head north of the parking lot to the prairie.
Stand on the deck to find something the color of a blueberry.
They like to nest high in a wooden box.
To help them hide from their predator, a fox.
What is it?
CLUE #5

Travel west on the Red-Tailed Hawk Loop.
Until you find the tall chimney coop.
A special animal likes to make their nest.
But some may find they are considered a pest.
They can be swift as they fly away.
Their feathers are a dark gray.

What bird lives here?

CLUE #6

Congratulations! You finished the quest.
We are all super impressed!
Take a picture of you and our friendly turtle.
And jump on in to the winner's circle.
If the nature center is open, head in to get recognized.
And don't forget to collect your prize.

Thanks for playing along!!
